### Logo

When a logo is added to a product containing polyester, a heat mark can appear on the product. The risk of heat marks is reduced if a transfer that can be applied at 145°C or at a lower temperature is applied.

### Logo placement:

- Workwear logo. Special placement. Contact to discuss further

- CoolDry is quick drying, an important factor to avoid cooling of the body.
- CoolDry is an exceptionally moisture wicking fabric that pulls the moisture from the body to the exterior of the fabric so it can evaporate quickly and easily.
- Modern, close fit with great freedom of movement.
- Tape over the seam at the neck so it does not cause discomfort.
- Slits at the sides.
