- Ultimate stretch material provides unique freedom of movement and high comfort.
- The water-repellent multifunctional stretch material combines a low weight with a very high durability.
- Effective ventilation to the leg via the zip on the back of the thigh.
- Holster pockets with Kevlar® and CORDURA® fabric reinforcements.
- Detachable holster pockets.
- Ruler pocket with Kevlar® reinforcement - particularly resistant to pointed and sharp objects.
- Kneepad pockets in two-way stretch CORDURA® for extra freedom of movement when kneeling.
- Adjustable kneepad pockets so kneepads can be optimally placed on the knee.

Logo

As the product is made of stretch material, a stretchable transfer must be used when printing on the product. You should choose a transfer that can be heated to a maximum of 145 degrees when being printed onto the product. Remember to check the washing instructions for the chosen transfer before washing the product.

The product is certified with a maximum logo area of 0,0500m². This approved area must not be exceeded. Logos respectively on the front or back of the product, can only constitute a maximum of 50% of the total approved logo area in order to maintain the EN ISO 20471-certification. Note: The listed area is only a guide to how much space is available for logo placement. In order to maintain the product's hi-vis class according to EN ISO 20471, the instructions on logo size must

User

be observed.
