Logo

As the product is made of stretch material, a stretchable transfer must be used when printing on the product. You should choose a transfer that can be heated to a maximum of 145 degrees when being printed onto the product. Remember to check the washing instructions for the chosen transfer before washing the product.

The product is certified with a maximum logo area of (82+90 cm) 0,0200 m², (76 cm) 0,0300m². This approved area must not be exceeded. Logos respectively on the front or back of the product, can only constitute a maximum of 50% of the total approved logo area in order to maintain the EN ISO

20471-certification. Note: The listed area is only a guide to how much space is available for logo placement. In order to maintain the product’s hi-vis class according to EN ISO 20471, the instructions on logo size must be observed.

Logo placement:

- Workwear logo. Over left front pocket. Max 11x6 cm/4.3x2.3 inches
- Workwear logo. Over right front pocket. Max 11x6 cm/4.3x2.3 inches
