Logo

As the product is made of stretch material, a stretchable transfer must be used when printing on the product. You should choose a transfer that can be heated at a maximum of 145 degrees with consideration to print on the product. Remember to check the washing instructions for the chosen transfer before washing the product.

The product is certified with maximum 0,1300m² logo area. This approved area must not be exceeded. Logo respectively on the front or back of the product, can only constitute a maximum of 50% of the total approved logo area in order to maintain the EN ISO 20471-certification. Note: The listed area is only a guide to how much space is available for logo placement. In order to maintain the product's hi-vis class according to EN ISO 20471, the instructions on logo size must be observed.
