Technical info

Fluorescent with vertical and horizontal reflective tape. ULTIMATE STRETCH fabric that is lightweight and durable. The polyester is made from recycled resources. Has a water-repellent finish. Double stitched seams on the leg and crotch. Prepared for holster pockets, attachable with the Click Pocket System. Belt loops. Fastening with two-way zip and double storm flap. Front pockets. Back pockets with reinforcement. Thigh pockets with flaps. Chest pocket with a zip. Adjustable shoulder straps with a hook and loop band. Ventilation in the back. Each standard leg length can be lengthened by 3 cm by releasing the internal red stitching.

User

Logo

As the product is made of stretch material, a stretchable transfer must be used when printing on the product. You should choose a transfer that can be heated to a maximum of 145 degrees when being printed onto the product. Remember to check the washing instructions for the chosen transfer before washing the product.

The product is certified with a maximum logo area of 0,2200m². This approved area must not be exceeded. Logos respectively on the front or back of the product, can only constitute a maximum of 50% of the total approved logo area in order to maintain the EN ISO 20471-certification. Note: The listed area is only a guide to how much space is available for logo placement. In order to maintain the product's hi-vis class according to EN ISO 20471, the instructions on logo size must be observed.

Logo placement:

- Workwear logo. Over left front pocket. Max 11x6

cm/4.3x2.3 inches
